AGING REIMAGINED

# How Do You Feel Today?

*Your Personal Wellness Baseline*

Real change is often gradual, which makes it easy to overlook. This checklist gives you a clear, honest snapshot of where you're starting, so thirty days from now you can see, in writing, exactly how far you've come.

Mark each symptom that applies to you today under Mild (M), Moderate (Mo), or Severe (S). In thirty days, revisit this same page and mark what has improved or disappeared (Gone). This form stays completely confidential.
